

# Youtube Playlist Player | WordPress Plugin

version 4.4

This plugin offers 4 functions, 3 of them controlled via shortcodes:

This shortcode displays the main player and a horizontal playlist below the main video:

```
[yt_playlist mainid="eyn0JjLlACg"
vdid="eyn0JjLlACg,BxQSEvHdyjQ,B1-wfjq2SmY,SjR6q1LUU1c,k5sMACFpnt0" novd="5"]
```

Use the `mainid` parameter for the main video, `vdid` for the playlist and `novd` for the total number of videos. The `novd` value should match the total number of IDs in the `vdid` parameter.

This shortcode displays an infinite carousel with Fancybox videos:

```
[yt_carousel]eyn0JjLlACg,BxQSEvHdyjQ,B1-wfjq2SmY,SjR6q1LUU1c,k5sMACFpnt0[/yt_carousel]
```

The carousel stretches to 100% width, fitting into content areas, sidebars, header or footer.

This shortcode displays latest videos from a channel (or username):

```
[yt_channel]
```

The player and accordion playlist stretches to 100% width, carousel stretches to 100% width, fitting into content areas, sidebars, header or footer.

## Features

- HTML5 compliant
- Responsive
- Works with all themes
- Small, fast and performant

## Installation

1. Upload the **youtube-playlist-player** folder to your '/wp-content/plugins/' directory
